Team SE7EN

Our Team Member:

Hiang Guov

My main interest is to design software that can fully satisfy the users' requirements. I also highly focus on the quality of the software; therefore testing is one of my main interests. Furthermore, I am a visual learner and learn well from diagrams, pictures. Hence, I would be able to design an interface that can be used for different groups of users.

Chengen Li (Taylor)

Good at designing class structure, algorithm and code implementation, writing class design documents.

Nur Shamiza Amira Murat (Miza)

Good at designing user interfaces and project documentation as well as enjoy programming and software design.

Erqian Zhang (Hans)

Love software design, and user interface development, also passion for programming and coding in familiar language.
Would love to do testing as well.

Haowei Zheng(Wilson)

I'm good at JAVA program development and testing.Also familiar with Microsoft Project.
